

HOME DELIVERY CONDITIONS

Dear Customer,

our transport conditions provide for delivery to the floor and any assembly, if requested at the time of ordering.

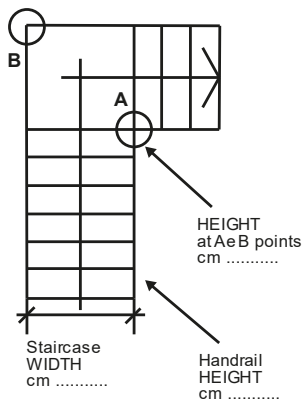

To allow the delivery of the purchased goods, we ask you, when placing your order, to notify us of any traffic problems to reach the place of delivery: pedestrian areas, historic centers, narrow streets, limited traffic areas, etc. The cost of entry into these areas will be charged separately.

We ask you to return us this signed form as confirmation of having read the delivery conditions, indicating in the diagram below the measures of the accesses (doors, stairs, inside and outside the apartment). In case you are not sure of these measurements, we have qualified personnel who will be able to carry out an inspection in Milan city with a cost incurred by you of € 15. If the use of platforms, forklifts or other special vehicles is required, our staff will send you a quotation after the inspection.
